1 Select Area: (Optional)

How to Make a Selection:
Left-Click on Upper-Left corner of desired area on your picture. Then, move your mouse to the Lower-Right corner and you should see a dotted red box. Finally, Left-Click again at the desired Lower-Right corner to make the box.

How to Remove a Selection:
Just Left-Click anywhere on your picture to remove the box.

'Crop Selection' Button:
After you've made a selection box, click this button to instantly crop your picture.

'Original' Button:
Click this button to undo all your crops and restore to your original image.

2 Choose New Size (Width/Height):
